

Adoption

County of Jefferson
Department of Emergency Services

The following operating procedures have been identified as the current fire dispatch procedures within Jefferson County. These procedures identify not only proper handling of incidents by the 9-1-1 center personnel, but also proper radio procedures by field personnel. These procedures also identify steps for fire command personnel in regards to complaints or problems identified during a certain incident. To maintain a proper, professional service to the citizens of Jefferson County, all 9-1-1 personnel and agencies effected by these standard operating procedures shall abide by these procedures.

Adopted date: **FEBRUARY 4, 2009**

_____, Director
Department of Emergency Services
Jefferson County, Pennsylvania

_____, Commissioner
County of Jefferson

_____, Commissioner
County of Jefferson

_____, Commissioner
County of Jefferson

This standard operating procedure shall supersede all other procedures currently in place. All other procedures shall be considered null and void effective the date this set of standards are adopted.
